Summary of Conversation:

Mr. Braunger, NAI United Management, called to let me know that he had been to the 1530 Steuben address that morning and that all of the waste had been removed. He said he had a previous conversation with Mr. Rochester about the waste, probably on Wednesday, January 23, 2017, and that when he returned to the 1530 Steuben address this morning (January 30) the waste was gone. He presumed that Mr. Rochester had removed the waste, but said there were no security cameras and he did not know where the waste had gone.

I asked Mr. Braunger if he had photos of the waste in the building and he said he did and that he would e-mail them to me. I sent him an e-mail request for the photos so that he could respond to it and he did. I received the e-mail with 3 photos on Monday, January 30 late in the afternoon.
